Childrens s What You

Curiosity and Wonder: Cue Into Children's Inborn ...

Quite literally, you are baby's doorway into the world of love and learning. From warm, responsive interactions with you, children develop a love of learning, too. Children's enthusiastic curiosity doesn't need to diminish over time. When conditions allow children to satisfy curiosity through safe, self-initiated, and playful

Observing and assessing children's learning and development

There are different ways of approaching the assessment of children's learning. At times you will need to do focused and purposeful observations so that you can assess a particular area of a child's learning. At other times your observation will be open and fluid and you will assess what emerges from the observation. Both are valid ways of
